WARNING: When unlocking the door upon your arrival it will relock itself when closed unless you do the following:

1. Unlock door with key.
2. Open door.
3. Reach around back side and turn knob clockwise until it stops, to retract the latch.
4. While knob is turned slide small button upward to retain the latch in the withdrawn position.

Performing the above steps will greatly decrease your chances of locking yourself out of the cabin. Enjoy your stay!
